Dear Mr. Raia,

On behalf of the members of the United States Special Operations Command, I wish to express our appreciation for the outstanding support provided to our Special Operations Forces (SOF) Wounded Warriors.

I am grateful for your continued support to our SOF Wounded Warriors and families. Your ability and willingness to use your extensive network of rental communities to find suitable lodging solutions for families, while their service member undergoes medical procedures, is to be commended. Your generosity, professionalism, and sympathy have not gone unnoticed.

Best wishes from the men and women of the United States Special Operations Command.

*Your generous help is making a real difference where it counts most!*

Sincerely,
