## **LEDIC Pioneers First-of-its-kind Crime Solutions Initiative**

Memphis, TN- LEDIC Management group recently announced the company's partnership with the Memphis Police Department, the Shelby County District Attorney's Office and the Southeast Memphis CDC to pioneer Project Safeways, a state-of-the-art crime solutions initiative.

Project Safeways is a data-driven strategy to curb violent crime in apartment complexes and adjacent areas. This coordinated crime reduction effort brings law enforcement, community leaders, and apartment management together to target and reduce crime in specific "hot spots," using the best in data analysis and police tools.

Autumn Ridge Apartments in Memphis, managed by LEDIC, is the first property to benefit from being part of Project Safeways.

LEDIC Management Group pioneered this public/private partnership, in which 100 percent private funds are used to equip the apartment communities in state-of-the-art surveillance equipment connected to the city's Real Time Crime Center. LEDIC helped with its in-house streaming video expertise to make a first in the nation technology event possible, putting private camera video securely behind the firewall of law enforcement, using technology to help keep residents safe.

LEDIC is also the first company to be involved in the Shelby County District Attorney's Office No Trespass aspect of Project Safeways. This part of Project Safeways allows law enforcement to arrest any who is on the property who is not a tenant or an invited guest and charge them with criminal trespassing.

Samples of the tv coverage from the unveiling of Project Safeways can be found at [www.ledic.com](http://www.ledic.com)

###
